This PRIIP is authorised in Luxembourg.

FundPartner Solutions (Europe) S.A. is authorised in Luxembourg and regulated by the Commission de Surveillance du Secteur Financier (CSSF).

This key information document is accurate as at 19th February 2024.

What is this product?

TYPE OF PRODUCT

The product is a sub-fund of Arabesque SICAV, an Undertaking for Collective Investment in Transferable Securities (UCITS) incorporated as a variable capital investment company (SICAV) under the laws of Luxembourg.

TERM

The Sub-Fund is established for an unlimited duration. However, the board of directors may decide to close this product under certain circumstances.

OBJECTIVES

Objectives and investment policy

The objective of the Sub-Fund is long-term capital appreciation through investments into a sustainable equity universe (Arabesque Investment Universe). The Arabesque Investment Universe is determined on a quarterly basis.

As a general rule, past results offer no guarantee of future performance. We cannot guarantee that the objectives of the investment policy will be achieved.

The Arabesque Investment Universe contains equities and equity-related securities from companies worldwide that have passed a systematic selection process. The ESG (Environmental, Social, Governance) assessment utilizes a best-in-class approach per sector to exclude companies with inferior scores. Companies that are in breach of the principles of UN Global Compact (human rights, labour rights, anti-corruption, environment) are excluded as well. The Arabesque Investment Universe is furthermore screened by liquidity parameters such as market capitalization, daily turnover and free float.

The Sub-Fund will mainly invest in equities and equity related securities (such as, but not limited to, ordinary or preferred shares, rights, certificates, ADR (American Depositary Receipt), GDR (Global Depositary Receipt), notes) issued by companies worldwide that are contained in the Arabesque Investment Universe.

The Sub-Fund will normally hold between 100 and 200 stocks selected from the Arabesque Investment Universe. Under normal market conditions, the maximum position size of any single stock can form up to 3% of the Sub-Fund's net assets, without being a constraint. To allow for the impact of market appreciation, this maximum position size could rise to as much as 3.25% of the Sub-Fund's net assets before the position size is reduced.

The choice of investments will neither be limited by geographical area (including emerging markets), by economic sector nor in terms of currencies in which investments will be denominated. However, depending on financial market conditions, a particular focus can be placed in a single country and/or in a single economic sector and/or in a single currency.

Even though the Sub-Fund aims to be fully invested in equities and equity related securities from the Arabesque Investment Universe at all times, for treasury purposes, the Sub-Fund may hold, on an ancillary basis (i.e. up to 49% of its net assets), bank term deposits, money market instruments, and/or undertakings for collective investment (UCIs).

The Sub-Fund's investments in units or shares of UCIs shall not exceed 10% of its net assets.

Benchmark The Sub-Fund is actively managed. The Sub-Fund has no benchmark index and is not managed in reference to a benchmark index.

ESG information The Sub-Fund promotes certain characteristics and, among other, characteristics environmental or social characteristics or a combination thereof, within the meaning of article 8 of SFDR but does not have a sustainable investment objective.

The Fund Manager integrates Sustainability Risks and opportunities into its research, analysis and investment decision-making processes.

Dividend Policy This Class distributes income. Dividend distributions are planned.

Share Class Currency The currency of the Class is GBP.

The recommended holding period of this product is determined to allow sufficient time for this product to reach its objectives and avoiding short term market fluctuations.

The return of the product is determined using the Net Asset Value (the "NAV") calculated by FundPartner Solutions (Europe) S.A. (the "Administrative Agent"). This return depends mainly on the market value fluctuations of the underlying investments.

INTENDED RETAIL INVESTORS

The product is suitable for retail investors with limited knowledge of the underlying financial instruments and no financial industry experience. The product is compatible with investors who may bear capital losses and who do not need capital guarantee. The product is compatible with clients looking for growing their capital and who wish to hold their investment over 6 years.

OTHER INFORMATION

Depositary Bank Pictet & Cie (Europe) AG, succursale de Luxembourg (the "Depositary").

Asset segregation The assets and liabilities of each sub-fund are segregated by law, which means that the performance of the assets in other sub-funds does not influence the performance of your investment.

Dealing The NAV for this Class is calculated on each business day in Luxembourg ("Calculation Day") based on the pricing of the preceding full business day ("Valuation Day"). The cut-off time to submit subscription and/or redemption orders is 2 p.m. Luxembourg time on the full bank business day in Luxembourg preceding the relevant Calculation Day.

Switching Shareholders may apply for any share of any sub-fund to be converted into shares of another sub-fund, provided that the conditions for accessing the target class, type or sub-type, are fulfilled with respect to the Sub-Fund, on the basis of their respective NAV calculated on the Valuation Day following receipt of the conversion request. The redemption and subscription costs connected with the conversion may be charged to the shareholder as indicated in the prospectus. For more details about how to switch between sub-funds, please refer to the prospectus, section which details the switch between sub-funds, which is available at www.fundsquare.net.

Additional Information More detailed information on the Fund, such as the prospectus, other classes, the key information, the latest NAV, the articles of incorporation as well as the latest annual and semi-annual report, can be obtained free of charge, in English, from the Administrative Agent, the distributors, the Management Company or online at www.fundsquare.net.

This key information document describes the Class of one sub-fund of the Fund. For more information about other sub-funds, please refer to the prospectus and periodic reports that are prepared for the entire Fund.

What are the risks and what could I get in return?

Risk indicator

← Lower risk Higher risk →

The risk indicator assumes you keep the product for 6 years.

The actual risk can vary significantly if you cash in at an early stage and you may get back less.

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because we are not able to pay you. The essential risks of the investment fund lie in the possibility of depreciation of the securities in which the fund is invested.

Performance scenarios

The figures shown include all the costs of the product itself, but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back. What you will get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of the product and a suitable proxy over the last 11 years. Markets could develop very differently in the future.

We have classified this product as 4 out of 7, which is a medium risk class.

This rates the potential losses from future performance at a medium level, and poor market conditions could impact our capacity to pay you.

Be aware of currency risk. You will receive payments in a different currency, so the final return you will get depends on the exchange rate between the two currencies. This risk is not considered in the indicator shown above.

Please refer to the prospectus for more information on the specific risks relevant to this product not included in the summary risk indicator.

This product does not include any protection from future market performance, so you could lose some or all of your investment. If we are not able to pay you what is owed, you could lose your entire investment.

Recommended holding period (RHP): Example investment	6 years GBP 10,000		
	If you exit after 1 year	If you exit after 6 years	
Scenarios			
Minimum	There is no minimum guaranteed return. You could lose some or all of your investment.		
Stress scenario	What you might get back after costs Average return each year GBP 6,670 -33.3%	GBP 1,210 -29.7%	
Unfavourable scenario	What you might get back after costs Average return each year GBP 8,530 -14.7%	GBP 10,100 0.2%	This type of scenario occurred for an investment in the product between December 2021 and December 2023.
Moderate scenario	What you might get back after costs Average return each year GBP 10,520 5.2%	GBP 13,660 5.3%	This type of scenario occurred for an investment in the proxy then the product between January 2014 and January 2020.
Favourable scenario	What you might get back after costs Average return each year GBP 13,180 31.8%	GBP 17,170 9.4%	This type of scenario occurred for an investment in the proxy then the product between December 2015 and December 2021.

The stress scenario shows what you might get back in extreme market circumstances.

What happens if FundPartner Solutions (Europe) S.A. is unable to pay out?

The Management Company is not making any payment to you in relation to the Sub-Fund and you would still be paid in case of a default from the Management Company.

The Sub-Fund's assets are held with a separate company, the Depository, so the Sub-Fund's ability to pay out would not be affected by the insolvency of the Management Company. However, in the event of the Depository's insolvency, or its delegates, the Sub-Fund may suffer a financial loss. However, this risk is mitigated to a certain extent by the fact the Depository is required by law and regulation to segregate its own assets from the assets of the Sub-Fund. The Depository will also be liable to the Sub-Fund or its investors for any loss arising from, among other things, its negligence, fraud or intentional failure properly to fulfill its obligations (subject to certain limitations).

If the Sub-Fund is terminated or wound up, the assets will be liquidated and you will receive an appropriate share of any proceeds but you may lose part or all of your investment.

There is no compensation or guarantee scheme protecting you from a default of the Depository.

What are the costs?

The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the product and how well the product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods.

We have assumed:

- In the first year you would get back the amount that you invested (0% annual return). For the other holding periods we have assumed the product performs as shown in the moderate scenario.
- GBP 10,000 is invested

Investment of GBP 10,000	If you exit after 1 year	If you exit after 6 years
Total costs	GBP 69	GBP 546
Annual cost impact (*)	0.7%	0.7%

(*) This illustrates how costs reduce your return each year over the holding period. For example it shows that if you exit at the recommended holding period your average return per year is projected to be 6.0% before costs and 5.3% after costs.

Composition of costs

One-off costs upon entry or exit		If you exit after 1 year
Entry costs	We do not charge an entry fee for this Class.	GBP 0
Exit costs	We do not charge an exit fee for this Class.	GBP 0
Ongoing costs taken each year		
Management fees and other administrative or operating costs	0.46% of the value of your investment per year. This is an estimate based on actual costs over the last year.	GBP 46
Transaction costs	0.23% of the value of your investment per year. This is an estimate of the costs incurred when we buy and sell the underlying investments for the product. The actual amount will vary depending on how much we buy and sell.	GBP 23
Incidental costs taken under specific conditions		
Performance fees	There is no performance fee for this product.	GBP 0

How long should I hold it and can I take my money out early?

Recommended holding period (RHP): 6 years.

The RHP was chosen to allow sufficient time for this product to reach its objectives and avoiding short term market fluctuations.

The NAV for this Class is calculated on each business day in Luxembourg ("Calculation Day") based on the pricing of the preceding full business day ("Valuation Day"). The cut-off time to submit subscription and/or redemption orders is 2 p.m. Luxembourg time on the full bank business day in Luxembourg preceding the relevant Calculation Day.

How can I complain?

In the event a natural or legal person wishes to file a complaint with the Fund in order to recognize a right or to redress a harm, the complainant should address a written request that contains description of the issue and the details at the origin of the complaint, either by email or by post, in an official language of their home country to the following address:

FundPartner Solutions (Europe) S.A.,
15 Avenue J.F. Kennedy,
L-1855 Luxembourg
